

Executive Aviation

Established in 2006 Tallinn Airport GH is the only certified ground handling service provider at Tallinn Airport (TLL/EETN).

Tallinn Airport GH Executive Aviation is a conception meant for offering exclusive ground handling services to private, corporate and business jet operators from all over the world. Having more than 10 years of experience we can easily handle all types of business jets landing at Tallinn Airport (TLL/EETN).

Our mission is to make sure that your flight to/from Tallinn Airport (TLL/EETN) will be truly smooth and easy operation by providing a customised spectrum of aircraft handling services.

Unfortunately there are no FBOs at Tallinn Airport. Therefore we have created two executive ground handling packages for our clients making easier to choose the service and price level for passenger handling. Please see detailed descriptions below.
